Connectedness Tracking Log
After School Program- 2008

Name of Program_____ Week of__/_____/____- ____/____/___

Mark a "+" to indicate that a connection was made Mark an "A" to indicate that the child was absent
Mark a "0" to indicate that NO connection was made

*Mark an "A" in the parent column only if the child was absent all week or if parent did not pick up child all week
*If parent has two or more children in the program, only use one parent box for all of those children. Just "black-out" the box so you do not double count when averaging.

(A connection is defined as a positive one-on-one personal discussion, alone or within a 2-3 person group, of something uniquely important to the child or parent.)
